2:00 to Establish:

3 Rep Max Front Squat

DESCRIPTION

Workout 1 begins with the barbell resting on the floor and the athletes standing tall. After the call of “3, 2, 1 ... go”, one athlete may begin moving the barbell in one fluid movement from ground to the shoulders. A muscle clean or power clean is allowed. Hang cleans or squat cleans are not allowed. Touch and go is permitted, but bouncing or dropping and catching the barbell on the rebound is not permitted. Once dropped, the barbell must settle on the ground before beginning the next repetition. The athletes will complete 42 reps and can divide the reps however they choose. Once complete the pair will move to the rig to complete 21 toes-to-bar, dividing the reps however they choose. The athletes will then return to the barbell to complete 30 more cleans followed by 15 TTB and finally finishing the workout with 18 more cleans and 9 TTB. This portion of the workout is over when one of the athletes complete the last TTB or when the clock reaches 8 minutes.

Workout 1A, both athletes complete 3-Rep-Max Front Squat which begins at the 8:00 mark. **If the athletes complete all the cleans and toes-to-bar before the 8-minute cap, they can use the remaining time to load the barbell to their opening weight, but practice/warm up reps are not permitted until the 8:00 mark.** The barbell must be taken from the floor for the Front Squats. A squat clean would count towards 1 of the 3 Front Squats. The squats have to be 3 consecutive squats to count as a successful lift. Partners can not assist in lifting the weight and the plates must be secured with collars. The athletes may complete as many attempts as they like until the time cap is up but will only receive credit for the heaviest successful lifts.

Female teams will have 2-45's, 2-25's, 2-10's, 2-5's, 2-2.5's, & the 2-15's that start on the barbell for Workout 1. Providing a possible 240 pounds.

The team score for Workout 1 will be the total time it takes to complete all 135 reps, in the case of a time cap each uncompleted rep will be counted as 1 second and added to the 8 minutes. Example: if cap occurs with 5 reps left the entered time will be 8:05. The team score for Workout 1A will be the the total of the heaviest weight successfully completed by each person, in pounds.
